About Mine Closure

The annual ICMC is the platform event for the global mining industry, and a fixture on the calendars of many mining professionals. This meeting provides a forum for attendees from a variety of disciplines to exchange ideas, learn about new developments in the field of mine closure, and focus on the pressing issues facing the mine closure community globally.

The MC2021 will provide you an excellent opportunity to expand your experience with the latest mine closure planning, technology and processes delivered by industry experts from around the world.

It provides opportunities to network with global experts coming from diversity of disciplines, and explore the latest mine closure methodologies and technique breakthroughs.

Benefits of sponsoring the virtual event

Promotes attendee growth

Virtual event removes geographical limitations. Whether attendees are in Asia or Australia, the number of attendees can grow exponentially.

Enhances sponsor and exhibitor value

Sponsors and exhibitors get analytics which can show number of visitors to the virtual booth or virtual session, when, and number of interactions with button and video.

Offer more networking options

Virtual event platform allows for so many ways to build professional relationships such as creating special interest meet-up spaces, speed networking, direct messaging and providing detailed attendee directories.

Enhances engagement

Platform allows audience to emote, ask questions and raise a hand during a session. Also, organizers can create real-time polls and announcements.

Virtual booths will work for you 24/7

Attendees from all over the world will access to our platform anytime. Whether your staffs are available or not, your booth is powerful enough to present your company through downloadable resources, video advertisement, live broadcast and booth chat.
